

Attention 2019-2020 Chizuk Amuno *B'nei Mitzvah* Families

It is difficult to believe that we are already planning for our 2019-2020 *b'nei mitzvah* students. Chizuk Amuno Congregation will soon be assigning dates for students born between July 1, 2006 and June 30, 2007. Information and applications are available in the synagogue office by contacting Marci Scher at 410-486-6400 ext. 223 or mscher@chizukamuno.org.

In the time period between the assignment of a *bar/bat mitzvah* date and the day of the *simhah*, families will continue to be invited to participate in "613 & Me," a series of programs designed to enhance the meaning of this milestone lifecycle event. These programs include a session entitled "It's a Date" that will explore each child's *Torah* portion, a *Mitzvah* Fair to help your family be more engaged in *mitzvot* and acts of social justice, a special *Shabbat* dinner for our *b'nei mitzvah* families, and a special *Shabbat* morning service to help families become more familiar with and comfortable in our Sanctuary service.

We and the entire Chizuk Amuno family look forward to celebrating this exciting and important milestone with our *B'nei Mitzvah* families.
