Student mission trip developed by John Hawkins. Joe Nissan leads a student impact service project oriented trip. Helps students to serve and help new students to bond with older students. Joe is looking at using Yankton for his students for the service project. July 11 Sun, till Fri the 16<sup>th</sup> is the window of time. Consensus was that we would be fine offering our facility for them to camp out in. Pastor Cory will contact joe.

Pastor Cory will be gone the 2<sup>nd</sup> of May. Jeff's last parenting class that day. Cory's class of Hebrews will be covered by Taylor.

Brandon talked about the finances for Equip. Group is wanting to have the fund kept here at Discovery. Funds would be looked at by regional, to cover the new minister for 1<sup>st</sup> year. Then as he gets his own support, the money then would be used by regional, and even could be used

for a Mt Marty student ministry. Symbolically this fund should be under a church rather than a board as it isn't a parachurch. We will pray over this and talk to Wade to see what the BOD thinks about this as a possibility.

May 4<sup>th</sup>. Next meeting.

Dave motion to adjourn and Cory 2<sup>nd</sup>. Carries.

Respectfully submitted.
