## Chances Are Your Small Business Will Face An Employment Claim. Are You Protected?

In today's workplace, small business owners must protect themselves from employment claims. Discrimination, sexual harassment, wrongful termination — these are just some of the charges that your employees can file at any time. Yet, it can be difficult for you to find affordable insurance protection. This leaves your business exposed to employment charges and lawsuits that can cost thousands to defend, even when the allegations are found to be groundless.

## Big Trouble For A Small Business

Employment claims are a serious risk. And more than half are directed at smaller businesses. Now, Central offers insurance protection that can be easily added to your small business policy.
