Dear Kearney Business,

Thank you so much for serving our community!

We are a local (little) business, selling cups of lemonade for \$1 per cup.
We take our business very seriously:

- City Hall has issued us a “business license” to operate in town.
- We each earned very real Foodhandler Cards from Clay County Health Department.
- We hold a Junior Membership with the Kearney Chamber of Commerce.
- We only operate our lemonade stand on commercial property with permission.
- We would like to have your permission to arrange a time to operate our lemonade stand on a sidewalk at your business.
- We agree to provide a trash receptacle for our customer’s use, and we always maintain the highest of safety and health standards. We do this by each of us having a role: *Chef* prepares the cup, *Lemonade Server* hands the cup to the customer, and *Banker* is in charge of all cash handling. Our parents oversee our operation. We always use clean hands protected by foodhandler gloves. We agree also not to interrupt your customers shopping at your business and we hope that our collaboration can be mutually beneficial. After all, we take our (little) business very seriously.

Proceeds from our business will be given to our Elementary School this fall.

Please consider allowing us to work just outside of your business, at a safe location like a sidewalk. If we have your permission or if you have any questions, please contact our mom to arrange a time we can work with you. Our contact information is provided above.

Thank you for supporting local (little) business,

Chef, Banker and Lemonade Server,
The Good Lemonade Stand
