

THE BUILD BACK BETTER AGENDA

THE PLAN:

- President Biden's Build Back Better agenda will **create good-paying union jobs**, grow our economy, and give American workers, businesses, and families the opportunity to succeed in the 21st century.
- President Biden's agenda will **build an economy that rewards work, not wealth** by lowering costs for working people and easing the burden on the middle class -- all paid for by making the ultra-wealthy pay their fair share.

WHAT IT MEANS FOR AMERICANS:

1. **More good-paying union jobs** to rebuild roads and bridges, to modernize our energy grid, and invest in clean energy and clean water.
2. **Tax cuts for working families**, with a historic tax cut for more than 90 percent of households with children.
3. **Lower costs for working families** by providing family and medical leave, lowering energy bills, and making essentials affordable like healthcare, prescription drugs, child care, pre-K, college, and long-term care for the elderly.

HOW WE PAY FOR IT:

- **No one making under \$400K pays a penny more in taxes**, including 97 percent of small businesses. The plan will lower costs for working and middle class families while creating long-term growth for our economy.
- The Build Back Better Agenda will build an economy that **rewards work, not wealth** by making the ultra-wealthy and corporations pay their fair share and closing tax loopholes.
