EARLY DETECTION SAVES LIVES!

It is recommended that women between the ages of 21-65 have a cervical cancer test every 3 years.

Mammogram Eligibility for Women

A woman is eligible for a digital mammogram screening if she:

- Is at least 40 years of age
- Has not had a mammogram in the past year
- Has no current breast problems or complaints

What to know before your appointment

- All major insurances are accepted.
- No referrals necessary for an annual mammogram.
- Results are sent to the patient and their healthcare provider.
- **Please bring a picture ID and insurance card.**

No insurance? Deductible too high?
Call our team to see if you qualify for a
screening at no or reduced cost!
