

Going home

Key of G

Em D Em D
A long and hero's journey,
Em Bm D
to the future from the past.
Em D Em D
Sharing stories of your faith,
C D Em
and memories that last. 2x

You sower of seeds and dreams,
watching us grow and grow.
Love was all that we needed,
love was what we would know. 2x

From this place, oh holy ground,
we set off on our own.
To the hills so high, and valleys so low,
yet we all came home. 2x

You woman of wisdom and gentle ways,
back to your place by the woods.
Memories of rock walls and happy children,
heaven, our neighbor hood. 2x

Time to reflect and time to be grateful,
and like the walls made of stone.
You built your life one day at a time
and finally you are home! 3x
