My little baby, someone save me.

Can't believe you're gone, for so long, who set you free?
G D
I was not ready, I'm still not steady.
Em C G D
You're no longer here, oh my dear, please pray with me

C D G Em
Our strength is in the hands of the ones who pull us up.
C Am C D
Our hope is in the hearts of the ones who never give up.
C D G Em
Our tears are shared by all from all over this land.
C D C D G C
Our love will make us strong, our love will help us stand.

Look beyond their graves, I want to be so brave.
Words of loss, oh the costs, their memories must be saved.
What can I do, when I'm so blue?
Look within, look for friends, and I look to you.

My peace will come, I've just begun.
To reaching out, finding faith in doubt, no longer on the run.
From death to life, oh yes I'll fight.
With courage to go on, and help from beyond, I will make this right.
