You can't be billed for Sign Language Interpreter Fees

According to ADA section 28 C.F.R. § 36.301(c) “A public accommodation may not impose a surcharge on a particular individual with a disability or any group of individuals with disabilities to cover the costs of measures, such as the provision of auxiliary aids, barrier removal, alternatives to barrier removal, and reasonable modifications in policies, practices, or procedures, that are required to provide that individual or group with the nondiscriminatory treatment required by the Act or this part.”

This means that **YOU cannot be charged** for reasonable accommodations including the cost of Sign Language interpreters from your doctor, hospital and even workshops you want to attend.
