

A National Faith Gathering to Strengthen Support for Refugees, Immigrants and Migrants

The goal: To train and equip local faith leaders, community organizers and immigrant community leaders in welcoming refugees, asylum seekers and other displaced populations.

CWS along with our Faith Solidarity Team would like to invite faith leaders, clergy, community organizers and immigrant leaders to join us for this dynamic and inaugural event to hear from impacted voices as well as timely and relevant information about resettlement & migration from faith leaders, national and local resettlement staff and other experts in forced migration. Attendees will learn, share with one another, build relationships and walk away with specific actions to foster welcome in their local communities.

For the last 75 years, CWS has actively worked in solidarity and intentional focus with faith partners and community groups from across the world, to do in partnership what none of us could hope to do as well alone:

"Transform communities around the globe through just and sustainable responses to hunger, poverty, displacement and disaster."

It is out of these faith partnerships and the commitment to provide just and sustainable responses to the displaced that the Together We Welcome: A National Faith Gathering to Strengthen Support for Refugees, Immigrants and Migrants conference was born.
