

Robots at Assumption

Announcing First Lego League Robotics Competition Team and Robotics Community.

First Lego League is an organization dedicated to promoting critical thinking skills, problem solving and working together to achieve a common goal.

Mrs. Shea will start both a competition team for this year and a feeder program for future years. Students and parents are encouraged to learn more.

Want to know More - Visit the Robotics table at the Back to School Picnic and/or attend the first working meeting Sept. 5 from 3:15 to 4:30. Parent information meeting 4:15-4:30 in the MakerSpace room.

For general information on FLL visit firstinspires.org and <http://firstlegoleague.org/challenge#challenge>
