**RE: Asbestos Notification Letter: Auditorium Abatement**

Dear Parent, Guardian, or Staff Member:

Trinity High School will abate the asbestos tile in the auditorium, primarily found in the aisle ways underneath the carpeting. Celtic Environmental has been awarded the contract, and they will use the full containment method of removal. Additionally, the area will be contained under HEPA filtered negative air pressure.

Celtic Environmental will start the asbestos removal in the auditorium on January 11, 2021 with the project will be completed on or before January 17, 2021. Celtic will follow all federal, state, and local agencies rules.
