

TRINITY

EmPOWERed Groundbreaking Blessing - 8.3.2021

Loving, Faithful God,

For over 100 years this ground, on which we stand,
has been the foundation for educating young women.
Tonight as we gather to break ground,
we carry this tradition of a forward-thinking mission
to educate and empower young women
into the next century.

Bless all who have served and are serving this mission
as educators, benefactors, staff, visionaries, architects, project managers, and
construction.

Grace us with enduring passion.

May we continue providing excellence in teaching,
opportunities for students in need,
and a campus that reflects care
for the environment and our future.

Blessed Trinity, move among us and strengthen us.
Empower us
to join with each other
and with all whom we love and serve,
to remember our Trinity High School roots
with gratitude for our past,
joy in our present,
and hope in our future.
