

Private Wealth Management Conference

December 2, 2021 | Convene City View, Philadelphia, PA | 8:30 a.m. – 5:00 p.m.

SPONSORSHIP INFORMATION

On December 2, 2021 CFA Society Philadelphia (“CFAP”) will host its program focused on private wealth and high net worth investors. This day-long conference will feature panel discussions and expert speakers from leading wealth advisors, trust and estate experts, and asset managers. The conference addresses many of the pressing issues facing wealth investors.

A focus of this year’s conference will be on registered investment advisors (RIA’s). We envision sessions on both the business side (RIA mergers and sales; bringing along a new generation of leaders; issues with technology; changing business models) and the advice side (advisor alpha; what do you do when planning is a greater percentage of the value proposition while investing is a smaller one; updates on trust and estate law).

The event will be held at Convene at City View from 8:30 AM to 5:00 PM. A cocktail reception will be held immediately following the conference. We expect approximately 175 investment professionals to attend, representing over 100 firms. The format of the event will be hybrid. We plan to webcast the event and to make it available to CFA societies globally.

CFAP is a founding society of the CFA Institute and was established in 1943 as a forum for the exchange of information for the investment community. CFAP has 2,350 members with a reach that includes eastern Pennsylvania, Southern New Jersey and Delaware. Visit us on the web at www.cfaphil.org.
