## *Rare Treasures of the JTS Library*

The JTS Library is one of the world's greatest collections of Jewish text, art, history, thought, wisdom, and culture. It tells the history of Jewish knowledge out of which Jewish wisdom is born. Some of the rarest treasures of the Jewish people—gathered from great Jewish cities and lost civilizations around the world and across the centuries—are available at the JTS Library for scholars and the public alike.

As a special THANK YOU to our Synagogue Friends of JTS, please join us for an exclusive all access webinar hosted by Dr. David Kraemer, Joseph J. and Dora Abbell Librarian.
