WARRIOR FOUNDATION FREEDOM STATION®

About Warrior Foundation Freedom Station

Founded in 2004, Warrior Foundation Freedom Station is a leading force in assisting, honoring and supporting the military men and women who have bravely served and sacrificed for our country. The foundation provides ill and injured warriors with quality-of-life items, support services and transitional housing designed to assist them and their families during recovery.

Warrior Foundation Freedom Station assists four main groups of warriors:

- ♣ The seriously injured returning home from war with immediate medical and emotional needs.
- ♣ Those suffering from post-traumatic stress (PTS) and/or traumatic brain injury (TBI).
- ♣ Physical and occupational therapy patients who are recovering and/or receiving medical care at military medical facilities.
- ♣ Transitioning warriors who are medically retiring and transitioning to civilian life.

Our Freedom Station transitional housing residence has been a particularly groundbreaking program, providing a place for warriors to heal and make the critical transition from military service to civilian life. Warrior Foundation Freedom Station is a nonprofit 501(c)3 organization based in San Diego, California.
