

2023 Eco-Film Series: Forces of Change

Mission: Joy
January 31, 2023
6:30 pm VIRTUAL

Optimism

His Holiness the Dalai Lama and Archbishop Desmond Tutu are joining forces one last time to share ancient wisdom and cutting-edge neuroscience that shows us exactly how we can access joy, no matter our circumstances.

(90 mins.)

Exposure
March 28, 2023
6:30 pm

Women's Month

An expedition of women from East and West has set an audacious goal of skiing to the North Pole. Braving threats of all kinds, they navigate terrain that has become increasingly dangerous due to climate change.

(88 mins.)

The Magnitude of All Things
April 25, 2023
6:30 pm

Climate Change

A cinematic exploration of the emotional and psychological dimensions of climate change. Stories from the frontlines of climate change merge with recollections from the filmmaker's childhood on Ontario's Georgian Bay.

(86 mins.)

Double Feature
May 30, 2023
6:30 pm

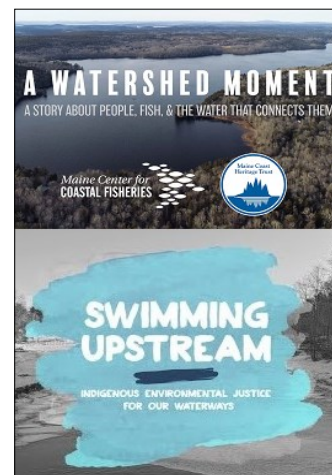

Dam Removal

A Watershed Moment: tells the story of an all-hands effort to restore fish passage throughout the entire Bagaduce River Watershed in Maine.

(42 mins.)

Swimming Upstream: focuses on the inter-relationship of native tribes, environmental justice, culture, water resource stewardship, and dam removal.

(28 mins.)

Monobloc
June 27, 2023
6:30 pm

Globalization

Expansive in scope, MONOBLOC reveals how a single consumer product can tell a much broader story of global development, aesthetic judgement, and economic inequality.

(72 mins.)
