

1/14/22

Dear Parents,

This was a busy week for all! We reviewed and practiced the skills recently learned and the children took last weeks' spelling test and this week's spelling/vocabulary test as well as the Science Unit test!

Some of the skills that we are working on are abbreviations, plural, and singular nouns, and linking words to connect ideas.

We had to slow down a bit in Math and go over a few things that were covered in our Zoom meetings for some children to catch up, we are now on the same page :)

As we finished a Science Unit and next week is a short week, we will focus on Social Studies to then begin a new Science Unit on the week of January 24th.

The students presented their Flat Stanley Book Project, I love them All!!! Thank you for supporting your child with this project. I will log their grade in their agendas.

We also had an in-house field trip: The FuN bUs!!! The children loved it; it is always good to step out of the class to do something different.

COMING UP...

We will be closed on Monday, January 17th for a professional day and to observe Mr. Martin Luther King Jr. Day.

On Friday the 21st, we have a Teacher's Planning Day; attendance is optional.

Wishing you all a safe and happy weekend :)!!!

Ms. Audrey
