

08.17.2023

Dear Parents,

WELCOME TO THE WONDERFUL WORLD OF TODDLERHOOD!

This year, your children are going to face numerous challenges! Indeed, they are going to learn how to socialize and share with their classmates. Also, this year will be the year of language emergence as well as gross motor, fine motor, and cognitive development and we are delighted to help them and be there for them in this big adventure.

During Circle Time, everybody sat down and participated passing a shaker and also singing with the teachers. The playground is always fun. The children enjoy spending time on the swing, going down the slide (and up too) and playing with the balls.

Keep promoting independence in your child by letting them feed themselves, show them how to hold the spoon the proper way, and help them if necessary, but always let them do it by themselves. We know it's messier, but in the long run, everyone will benefit, also start introducing the cup, and teach them how to hold it and how to drink from it.

Please remember to always bring an extra change of clothing for your child! The days are hot and sometimes messy with outside activities and all, so please make sure that your child always has an extra little outfit in case of an accident. Make sure their clothing is appropriate for the heat; don't bring too many long-sleeved shirts and pants! Please make sure that your child has an extra pair of socks in the classroom.

Have a wonderful and safe weekend.

Mrs. Yanet, Mrs. Yeysleydy, and Ms. Zlata
