

01.12.2024

Dear Parents,

Happy New Year! We wish 2023 will be full of joy, love and good health for you and your family. We hope you all enjoyed a lovely winter break and spent it with your loved ones. We were glad to have the children back with us in Green Door who got back to their routine very fast.

This week, our topic was "Winter" and the color white. We focused on learning about "Winter Clothes" such as jacket, hat, mittens, scarf, pants and boots and the children had fun playing with the felt board as they dressed a snowman for cold weather.

For art, they made a beautiful artwork "Snow Storm in the Night" as they finger painted with white paint on black construction paper. They used Do-a-Dot markers to decorate a winter hat and also made a snowman using white paint and glued a hat on his head. They also made snowflake prints.

For our fine motor/eyes hand coordination, we played with puzzles. We are now using more pieces (8+).

Reminder: please check your child's nails frequently to avoid any injuries to their friends or themselves. Thank you

Have a wonderful long weekend!

Mrs. Murielle & Mrs. Nelida
