Dear Parents of Blue Door,

This week we learned about Insects. 🐜 During Circle Time the teacher spoke about the different insects there are such as the mosquito, ant, bee, cricket, fly and butterfly. Here in class we have Insects that the children play with daily. A lot of children are able to identify these insects.

For art, the children enjoyed making a spider 🕷️. They colored a paper plate using crayons and then glued strips of construction paper to represent the legs. Bee art activity was a blast. The children painted a paper plate and then added the stripes and wings to their bees 🐝. Any child that needed to complete any work in their journal was able to do so and those that didn't need to played with whatever they chose to.

Parents, please wash your child's blanket and please write your child's name on everything that belongs to him or her. Please make sure your child's nails are cut short so that way they don't scratch themselves or their friends.

Have a great weekend 🐜

Mrs. Cindy
