

04/14/2023

Dear Parents,

We had a great week learning about the "body" and we particularly focused on learning about our face body parts (eyes, ears, nose, mouth, tongue, teeth, chin and cheeks). During Circle Time, we sang different songs such as "Head, Shoulders, Knees And Toes", "One Little Finger" and "Where is My Head, Nose, Ears? Throughout the day, we practiced naming and pointing at our body parts and everybody is making a lot of progress knowing their body.

For small group, we practiced working on puzzles and pegs (they loved it) and for Art, the children used do.a.dot markers on a construction paper. The teacher traced a people silhouette and cut it in 3 parts (head, torso and legs). The next day, the children had to glue the 3 body parts on a construction paper; well, we can tell you that we have a lot of little "Picassos" in the classroom!

During the rainy days, we put down our "gym set" and had a lot of fun climbing on the structures. We also had more time to enjoy our library area and read books.

On Thursday, we had our last Music Class with Ms. Clarice was great. The children listened to several songs and could play with the rhythms sticks. We were sad to have to say good bye but thankful for the magical and musical moments we had with her!

We had also to wish well to Ms. Lauren who has been promoted to Red Door, she is not far away from us and can always come by to say hello! We welcomed Ms. Krystelle who has been with us when a teacher is missing and the children already know and appreciate her.

Have a great weekend!

Mrs. Murielle, Ms. Lauren, Ms. Shayla & Ms. Krystelle
