

05.13.2022

Dear Parents,

During this last quarter I am focusing more and more on reading comprehension and fluency, besides working on other skills. It is important that the children read to you on a daily basis; engage in conversations about the story. You may want to ask questions such as "What is the genre of the story?" "How do you know, what are some characteristics of this genre?", "Was there a problem and a solution, tell me about it?" "What is the topic of the story?" Make this a one-to-one enjoyable time with your child 😊

We are almost done with the measuring unit, the Math test will be coming up soon (sometime next week). The Science Test will be provided next week as well.

We are going very fast with the information introduced now, a lot is just review; yet, I am still working with new concepts. Please make sure that your child is here everyday; unless, he or she is sick.

June the 3rd will be the last day to input grades in the system, making up grades or work may not be possible.

🎓 I would like to remind you that our second graders' graduation is on June the 9th, make a note of it (if you haven't), If by any reason the student will not be here on that date, please let me know.

Have a lovely weekend!

Love,

Ms. Audrey 🌸
