Hello Parents of Silver Door 1,

A couple of Reminders:

*Next week, we are making it like a camp week and are just doing review worksheets and art projects. If your child needs to miss, next week, we will not be taking attendance. Please let us know if your child is not coming Monday, Tuesday, or Wednesday so we have a headcount for lunch.

* On Thursday, November 25 and Friday, November 26 the school will be closed for Thanksgiving Break.

* Also, I would like to say a HUGE thank you to all that brought food for our feast. I am so thankful for each and every one of you !!

In Language Arts and Reading, our essential question was, "How do people help out in the community?". This week was all about how we can help our community like growing a garden, picking up trash, recycling, and helping when someone is in trouble. Our sounds this week were: th, sh, and ending -ng like in with, ship, and sing. The students also learned about common and proper nouns. Common is when it starts with a lowercase letter and Proper is a specific name and it starts with a capital. Our story of the week was, "The Story of Martin Luther King Jr", which was about Martin Luther King Jr and the difference he wanted to make.

In Math, we finished Chapter 4. This week the students learned that they can use an addition problem to help them solve a subtraction problem. A hint to help them was that both problems used the same number. On Thursday they took their chapter test. When we come back from our Thanksgiving Break, we will start with Chapter 5.

In Science, we finished that lesson in Topic 3. This topic was all about push, pull, and gravity. A push is when the object goes away from you and a pull is when the objects come close to you. They also learned that gravity is the force that pulls objects down like rain and a ball. When we come back from Thanksgiving Break, we will start a new topic.

"Be thankful for everything that happens in your life; it's all an experience."- Roy T. Bennett

Have a fabulous weekend and a great Thanksgiving!!
