

04.21.2023

Dear Parents,

We had a really WILD week and I am not talking about your adorable children's behavior but about our theme "Wild Animals". Throughout the week, we had a lot of fun imitating the wild animals sounds: the tigers, the elephants, the bears, the snakes, the crocodiles, the monkeys, etc.

We read a lot of books about jungle animals. We had touch and feel books, card board books small and big. Their favorite one was "Dear Zoo", the story was about a child asking the zoo to send him an animal, after sending and returning many animals such as lion, crocodile, monkey, kangaroo, the child finally received a dog to be his pet!

For art, the children made a jungle scene painting a paper with green paint using and then pasting wild animals shapes on it.

During Circle Time, we sang songs introducing the sound of wild animals and also listening to real wild animals sound such as the elephant, the lion, the monkeys, the zebra, etc.

We are happy to welcome a new teacher, Mrs. Nelida (Neli) who already has experience with toddlers. The children adapted to her very quickly and are very fond of her.

Have a wonderful weekend with your family.

Mrs. Murielle, Ms. Krystelle, & Mrs. Neli
