

01/20/2023

Hello Parents,

This week our students learned about weather. What is weather, and the different types of weather. The letter of this week was letter "Tt". The students enjoyed learning about the weather where they also got to participate in different activities throughout the week. We did a science experiment to make a tornado. We also asked them questions related to the topic, such as what is their favorite type of weather? What is the weather like today?

Art: The students traced and decorated the letter "Tt". The children also made a super storm by using aluminum foil, black construction paper, glue, and cotton. Throughout the week the children made a cloud with raindrops and traced the letters of their names by using, markers, construction paper, cotton, aluminum foil and glue. On another day, the children used their imagination to make a sunny weather by using yellow paint, construction paper, and green dot markers.

Music: It's always so much fun with Ms. Clarice. This time the children played the lollipop instrument and sang "Old MacDonald Had a Farm", and so much more.

Fun Bus: The children had a "BLAST" at the jungle bus celebrating Melody's birthday! We wish you a HAPPY BIRTHDAY MELODY!!! 🎉❤️

Our next student of the week for Rainbow Door will be: "Eliza Gallego".

Student of the week for orange door: Kaiden Jenkis. Please bring a poster with pictures of her/him, his/her family, things she/he likes to do, favorite food, sport, color, etc... (please be creative).

Parents tips: Play a matching game. Make two sets of 10 or more pictures. You can use pictures from two copies of the same magazine or a deck of playing cards. Lay the pictures face up and ask your child to find two that are the same. Start with two picture sets and gradually add more.

Have a nice weekend,

Mrs. Zamira, Ms. Mireya, Mrs. Miriam, and Mrs. Carolina
