Hello Parents of Silver Door 1,

Reminder that next week, December 20-23 is a Teacher Planning week. Attendance is not mandatory. Please send a message through BrightWheel to let us know if your child is attending so we have the numbers for lunch.

Also, I (Ms. Sammy) would like to say thank you for all the gifts. I feel like the luckiest teacher in the world to be teaching your kids.

In Language Arts and Reading, it was our review week since we had our big Sight Test on Friday. The test had all of our words that we learned from the beginning of the school year until now. To get us ready we played the Scavenger Hunt game where I (Ms. Sammy) wrote a bunch of our sight words on sticky notes and put them around the classroom and one by one the students had to walk around and find them all. We also had a message on the board and the students had to read it and come up to the board to circle the sight words. We also read a ton of Holiday stories such as: How the Grinch Stole Christmas, The Night Before Hanukah, and The Seven Days of Kwanzaa.

The students also had a blast during our Spirit Week. We had so much to do. Every day the students got to dress up. They also got to make some presents for their parents, had a visit from Santa, performed a caroling show, and even got to watch the movie, "The Polar Express", while drinking hot cocoa.

In Math, the students finished Chapter 5. First, we worked on finding all the ways to make a specific number. Then, in our last lesson, the students had to come up with different ways to equal a number they were given. Lastly, we did our Chapter test on Thursday. When we come back from our break, we will start Chapter 6.

"Take a break and relax because this is the time of the year to rejoice, celebrate and also feel rewarded."- Anonymous

I hope EVERYONE has a happy holiday and a fun Winter Break!!

Ms. Sammy
