

02/17/2023

Dear Parents of Blue Door,

Hi! This week we learned about Valentines Day . During Circle time the teacher spoke about the colors that are mostly seen on these days which are pink, purple and red. She also spoke about Valentine's Day being a day that we show our friends and family that we love them .

For art, the I love you "berry much" handprint was lots of fun for the children. They dipped their hand into red paint and then onto construction and using their fingertips made the leaf on the top of their strawberry . Valentines Day heart caterpillar was lots of fun. The children were given hearts and they lined them up and put the eyes on their caterpillar. They did a great job. Dotty hear valentines craft was also lots of fun. The children were given a heart that was cut from a paper plate and they decorated it using do-a-dot markers and then they glued a craft stick to it. They work very hard in their journals. This week they colored a heart the color of their choice and decorated it using mosaic squares.

This week the Colgate dental bus came to our school. The children had a nice time on the bus. A dentist spoke to them about how important it is to brush our teeth and eat healthy foods. I did send pictures through Brightwheel.

For story time the children listened to these stories; No More Diapers For Ducky, Little Quacks New Friend, Valentine Mice, The Day It Rained Hearts, The Biggest Valentines Ever, and Where is My Hug?

On Valentine's Day  the children had a blast receiving their Valentine's Day gift from their friends. They were so happy . Thank you very much to the parents that brought something in. You really made the children's day 

On the playground we practice our gross motor skills as well . This week we jumped in place, threw the ball to one another, kicked the ball on the playground, hopped in place, and ran one lap around the playground .

Music class with Ms. Clariss is always fun. They love singing and moving along to the songs . This week they got to shake egg shakers. They had a blast. She also read a story called "Over in the Meadow ". They enjoyed that very much. She gave the children different colored scarves and they played with

them all different ways. She sang a song and they moved the scarves the way the song said to move them .

Parents please wash your child's blanket and please label everything that belongs to your child with his or her name. Please make sure your child's nails are cut short so that way they don't scratch themselves or their friends . Thanks once again.

Have a nice weekend ❤️

Mrs. Cindy

Mrs. Luz

Ms. Laura
