Dear parents of gold and orange door,

This week we celebrated Father's Day by doing fun crafts with the students such as donuts for dad and making awards for best dad of the year. The students read stories "Dad call me Man" about a young boy who looks up to his father and wants to grow up to be just like him.

For the older students they crafted fun Father's Day items such as a heart clip and a picture frame. And read a story called "Sunset of the saber tooth".

They also built trucks and cars learning how to put things together with different kinds and pieces. They enjoyed creating their own kinds of trucks and cars.

The students played soccer with Ms. Jackie learning how to kick the ball and run at the same time.

Happy fathers to all the dads, grandfathers, and uncles you are loved and appreciated!

Have a wonderful weekend

Ms. Jocelyn & Ms. Karla
