

01/29/2021

Dear Parents,

The topic this week was animals. We discussed animals in different places such as: the desert, the ocean, the jungle, and the zoo. They have been counting up to 60 and now we are moving up to 100. They have been filling in the missing number up to 30. They have been learning their phone numbers and I am happy to say they are doing great.

This week our students traced and colored the letter Zz. Practice writing uppercase and lowercase. They wrote words and a sentence using "z" words.

We used red paint for their footprint and handprint to make a lobster. Using paper plates painted in gray, the students created an elephant. The students painted different animal tracks. They also made a giraffe and a lion with a colorful mane.

Some stories we read this week:

- Rumble in the Jungle
- The Magic Fish
- The Little Ant
- Habitats
- Food Chains and Habitats
- Amazing Sharks

Student of the week:

- Purple Door: Adrian Lopez
- Please have your child bring a poster with family pictures to share with his classmates on Monday during Circle Time.

Activities to do at home with your child:

Ask your child to estimate how many shoes are in the house. Let them guess. Then go to the rooms together and have them count each individual shoe.

"Clearly, animals know more than we think, and think a great deal more than what we know."
Irene M. Pepperberg

Have a wonderful and safe weekend!
