

05.10.2024

Dear Parents,

This week was fun learning about Music and Instruments. The children learned the names of different instruments such as piano, flute, tambourine, guitar, drums, and violin.

Circle Time: we are currently calling up one student at a time to point to the letter that the teacher asks for and they say the sound of it.

Art: this week the children made tambourines using paper plates, paint, and jingle bells. They made musical notes using construction paper, scissors, and mosaic squares to decorate it. They also made flutes using straws, construction paper, markers, and glue.

Music and movement, this week the children Stand up and sit down. At soccer, they played games, ran, and kicked around a soccer ball.

Next week we will learn about the Garden. 🌱

Quote of the week: “ Be bright, Be happy, Be you”

Have a wonderful weekend
Ms. Miriam and Ms. Melanie
