

06/24/2022

Dear Parents,

This week's theme is Africa! We played music from Africa, did art projects and we had a blast!

Circle Time/music: We listened to different songs from Africa and moved our bodies and used instruments. Miss Clarice played different songs with the guitar and piano, and heard a story. The children also got to hear the ocean drum and the beautiful sounds it makes!

Small group/art: We used yellow, and brown paint and construction paper. The children used their feet to create a lion! Then we added googly eyes and a nose to complete the lion! We also played with Play-Doh in small groups and used a dough cutter for fine motor skills. Lastly, we used grey paint to paint their hands to make a herd of elephants!

Story time: "An African Alphabet, An Elephant Nose, See, Touch Feel, Giraffes Can't Dance, and The Very Brave Lion".

Playground: We ran, rode our tricycles and cars, popped bubbles, went up and down the slide, rode our train, and played with cars. For gross motor skills, we practiced jumping high so both feet leave the ground.

Have a wonderful weekend!

Ms. Karla & Ms. Gabby
