

02/04/2022

Hello Parents of Silver Door 1,

I wanted to let you all know that starting next Friday for homework the students will receive a Book Report Sheet that they must complete over the weekend and bring back on Monday. We will be doing this every Friday for now.

In Language Arts and Reading, our essential question was, "How do animals' bodies help them?" This week the students named a bunch of animals, and we would pick a body part and explain how it helps them like a giraffe's neck helps it get food and an elephant's tusk helps it fight other animals. Our sound of the week was the long a, but even though we have already learned this sound, the students two other ways that can make the long a sound which is -ai and -ay like in mail and day. We also reviewed how to put words in alphabetical order. The trick we use is sing the ABC song while looking at the words. If two words start with the same letter, then they look at the next letter in the word. Lastly, we learned when to use was and were in a sentence.

In Math, we finished Chapter 7. This week the students learned how to use a number line to help them put numbers in order from least to greatest or from greatest to least. On Wednesday we took our review test and on Friday we took the test. Next week we will be starting Chapter 8.

Also, Friday was the 100th Day of School. Everyone looked AMAZING in their shirts!! We had a blast with all of our activities such as making a necklace out of 100 Fruit Loops, making a 100-day crown, building something out of 100 counting cubes, and having a 100-scavenger hunt.

In Science, we reviewed everything in Topic 4 to prepare for our test on Thursday. We reviewed Living and Nonliving things, plant parts, and animal parts. Next week we will begin Topic 5.

"Don't let what you can't do stop you from doing what you can do." – John Wooden

Have a great weekend!!
Ms. Sammy
