

08/06/2021

Dear Parents of Silver Door,

This week was our second week traveling through Europe. We visited Italy! We learned all about this beautiful country. We learned that the flag stands for hope, charity, and faith. We learned that Italy has so many different landmarks. We saw a video of the Colosseum and the Leaning Tower of Pisa. We learned that the Colosseum lost a side because of an earthquake. The Leaning Tower of Pisa has been leaning since it was first built and only people who are 8 years old and older can go up the stairs! We also learned that pizza and pasta are very popular in Italy. Yum!

This week we did lots of drills for soccer. We completed an obstacle course, practiced dribbling the ball, and kicking the ball to each other.

Just a reminder that on August 20th, we are closed for professional development.

We hope you have a lovely weekend,

Ms. Adriana and Ms. Tayra
