Dear Parents of Blue Door,

Hi! This week the children learned about 🇯🇵 Japan. During Circle Time the teacher showed the children a mini version of the flag of Japan 🇯🇵 and asked the children about the colors of the flag. The children heard the language of Japanese being spoken as well. We also spoke about some of the animals that live in Japan such as the Japanese pond turtle, Stellar's sea lion, and the Sika Deer. The children also saw pictures of the traditional Japanese clothing that is worn during the holidays.

We would like to welcome Amaya Darche and Acadia Sheperd to our Blue Door Family. ❤️

For art, neither children made the Japanese flag. They were given a circle in which they colored in red and glued it onto white construction paper. Dancing to Japanese music was also lots of fun for the children. Rolling and playing with different Play-Doh cutters is always fun for the children as well. Putting together different themed puzzles and building with legos is a great learning experience for the children. When playing with Play-Doh the children can work on those fine motor skills and build up strength in their little fingers by rolling the Play-Dough into a big ball and then using the roller to press it down.

Parents please cut your child's nails so that way they do not scratch themselves or their friends. Please make sure your child has extra clean clothing so that way when they do get dirty we are able to change them.

Have a great weekend 😊

Mrs. Cindy
