

02/24/2023

Dear Parents,

This weeks theme is the Life Cycle of animals and the letter Kk.

The children participated in fun activities. For example: how a butterfly grows and the process for the caterpillar to turn into a beautiful butterfly 🦋

Art and academic enrichment: The children worked on letter Kk this week. We wrote words that start with Kk, drew pictures, spelled words and traced. We then decorated the letter with markers or crayon then cut and glued it to a separate paper. The children had a blast learning about the life cycle of the chick, butterfly, frog and lady bug! We did multiple projects to learn about this. For example, we traced a butterfly on paper then cut it out and divided the butterfly into four sections. We then drew the steps it takes for a caterpillar to blossom into a beautiful butterfly!

The children who participate in karate have an amazing time learning new skills! Music with Miss. Clarice is always super fun. We used multiple instruments to accompany Miss. Clarice, Soccer with Ms. Jackie is always fun for the kids.

We read the books: My K Book, Kangaroo Kazoo, The Grouchy Lady Bug, The Very Hungry Caterpillar, Clara Caterpillar. We read about the life cycle of the chick, egg to owl, kitten to cat, butterfly and chick.

We also visit the garden weekly to water our plants and greet Peaches and Cream (the school tortoises!)

Student of next week:

Purple: Lucia Woods

Brown: Amalia DeDenghy

Please bring a decorated poster on Monday (2/27/23) with family pictures, favorite places to go, food that they like, pets, or add anything that you think will make your child happy to share with classmates and teachers. Have them participate while you are putting it together with them. They will share it with the class during Circle Time.

Enjoy your weekend!

Mrs. Marta & Ms. Gabby

Ms. Ana & Ms. Nadia
