Hello, Orange Door Parents!

This week was full of Thanksgiving activities! The students learned a new turkey dance this week, which they requested numerous times throughout the week. We had a dance party, lots of art projects, and of course our Thanksgiving feast! Thank you to all of the parents who donated food and or utensils, the children loved eating all the goodies, especially the pie!

Art- This week the students worked on their Thanksgiving crafts. The students finished working on their pumpkin cards for you. They made pumpkin pie using tissue paper, glue, crayons, and construction paper. They traced their hands for our giving tree. We asked them what they were thankful for, and wrote it on their traced hands. They also made scarecrows, using materials such as plates, construction paper, glue, markers, and crayons.

Circle Time- This week in Circle Time the students reviewed the meaning of Thanksgiving, and everyone had an opportunity to share what they are thankful for. We danced to new songs, such as the Turkey dance, and a song called Gobble, Gobble, Gobble. We also went over our letters, our numbers, the days of the week, and the months of the year.

Music and Movement- Mrs. Michelle brought her family of ducks this week to share with the students. They sang lots of songs and were able to explore Mrs. Michelle's ocean animals that she brought.

Mrs. Jackie had the students running and kicking this week. They also played a game called "Four Corners", and of course, they had a chance to play their favorite game of "Sharks and Minnows" .

Student of the week- congratulations to Miles Nelson, as he is our student of the week. Please send in your "all about me" poster on Monday so we can display it in the classroom, and he can talk about it with his classmates.

As always, we hope you have a fantastic weekend, and we will see you next week!

Mrs. Miriam and Mrs. Melanie
