

03.22.24

Dear Parents,

Flowers are blooming and so are our little ones! Spring was our topic for this week and we talked about flowers that grow and need sun and water.

During Circle Time, we sang new songs such as Rain, Rain, Go Away, What's the Weather, 2 Little Black Birds Sat On The Hill, and 5 Little Ducks.

For art, it was all about flowers: the children made 2 flowers by gluing tissue paper. They painted the bottom of a construction paper with green paint to make the grass and made handprints for the flowers (tulips). Finally, they stamped flowers on construction paper.

Language is flourishing too: some of the children are repeating more words or even finish the end of a sentence when we sing songs. They are also able to pay more attention for in-group story time but still preferred the comfort of the teacher's laps for an exclusive storytime!

Music Class was great, the children were captivated by Mrs. Michelle's songs, props and puppets.

We finish on a sad note as Pablo is leaving us as his family is moving. We will miss him a lot and wish him all the best!

Have a nice weekend with your family.

Mrs. Murielle & Ms. Lauren
