

12/03/21

Dear Parents,

During this week we worked with prefixes, suffixes, nouns (proper, common, and collective) and the soft sound of letters J and G. We continue to work with comprehension skills. The students are given strategies to work with such as looking for important details in the story, predicting and asking questions to themselves as they read. The children have many opportunities to work individually and with peers; this week they looked for key details while reading a text. There will be a vocabulary and skills (proper and common nouns) test on Monday.

For math, we finished Chapter 3, the students went fast this week! We will review and practice skills learned next week and I will provide a test on Wednesday.

We also finished Chapter 4 in Science and I will not introduce a new chapter next week. The students will work in small groups while learning about other celebrations during the holidays.

COMING UP...

- Vocabulary/Skills test on Monday.
- Math/chapter review on Monday and probably Tuesday. Chapter test on Wednesday.
- Social Studies Quiz on Tuesday or Wednesday

In House Field Trip: The Farm, on Wednesday the 8th :)

NOTE: We have regular classes until December 17th, quizzes and/or tests will be provided until Monday the 13th. Please have your child at school unless he/she is sick! There will be a Winter break coming up soon!

Have a lovely weekend :) !!!

Ms. Audrey
