Dear Parents of Blue Door,

Hello! This week we learned about Pumpkins. The children saw pictures of pumpkins . We talked about the different sizes they come and that pumpkins are generally round. Some may be flattened or stretched out on the top and bottom. The color is usually orange.

For art, the children colored a small paper plate using an orange crayon and then glued the eyes and nose to their pumpkin and colored in the mouth and added the stem to the top part of their pumpkin. Mosaic pumpkins were also lots of fun. The children decorated a pumpkin using mosaic squares and put the eyes on their pumpkins. Lego stamped pumpkin craft was a blast the children found it amazing how they dipped their Lego piece into paint and onto the pumpkin and the shape of the Lego was seen on the paper. They did a great job.

For story time they listened to these stories: Pumpkin Day, Pumpkin Trouble, There Was an Old Lady Who Swallowed a Bat, The Itsy Bitsy Pumpkin, The Legend of the Spooked Square Pumpkin, It's Betsy Pumpkin, The Very Hungry Caterpillar and Brown Bear, Brown Bear What Do You see?

-Parents please wash your child's blanket to be returned to school nice and clean -Please make sure everything that belongs to your child has his or her name on it.
-Please be sure your child's nails are cut short.

* Parents reinforcement is very important. Please review with your child the colors, shapes, and how to correctly hold a crayon. This is so important parents. Yes, here at school we do work very hard on fine motor skills.

Have a great weekend 🌸

Mrs. Cindy
