

11/19/21

Dear Parents,

The topic this week was Thanksgiving and the letter Tt. This week our students learned about Thanksgiving, how it began and why we celebrate it. The Thanksgiving story starts in England in 1620, when about 100 passengers called the "Pilgrims" boarded a ship called the "Mayflower". They sailed across the ocean to start a new life. The Pilgrims settled into a village called Plymouth which was inhabited by the Native Americans. They taught the Pilgrims essential surviving knowledge about crops and plants. Because of this act of friendship and generosity, the pilgrims survived another winter. With the help of their neighbors, they welcomed a harvest in the fall and celebrated with the first Thanksgiving. Even though the first Thanksgiving was hundreds of years ago, it wasn't an official holiday until 1863 when Abraham Lincoln declared it to be a national holiday on the fourth Thursday of November. Although their Thanksgiving dinner may have been a little different from what we enjoy today, the concept of gratitude and friendship remains the same.

Academic Enrichment and Art

Throughout the week, we stayed busy doing many different Thanksgiving crafts and projects and preparing for the feast on Friday. The students traced and colored the letter Tt. They made a colorful and funny turkey using brown construction paper and tissue paper to hang in the classroom.

We also made a headband with a turkey head using construction paper and colorful feathers. We made a thankful turkey and the children wrote what they were thankful for. Some of the things they were grateful for were mom and dad, brothers and sisters, friends, cousins, their pets, and toys. They also decorated their very own placemat that was laminated and used in the Thanksgiving feast on Friday. On Friday, they also decorated their own precut turkeys with feathers, glitter, tissue paper, etc. They got really creative!
