

07.22.2022

Dear Parents,

This week, we decided to visit the beautiful and largest Island in the Caribbean, Cuba. We started by listening and dancing to their Music: Mambo and Chachacha. We show pictures of famous Musicians like: Celia Cruz, Gloria Stefan, Willy Chirino, Gente de Zona. They learned that Cuba is an Island very famous for their beaches and beautiful palm trees. The most popular sport is Baseball. We listen to children music: la gallina turuleca, la Pavita pechugona, la hormigita retosona . Most popular dishes are: Moros, pig, Ropa vieja, chicharron, yuca con mojo and let's not forget Medianoche sandwich.

The children colored the flag using red and blue crayons. They colored the word: CUBA using a pattern blue and red. They traced the map of Cuba and their different cities: Pinar del Rio, Habana, Matanzas, las Villas, Camaguey, Oriente and Isla de Pinos, they also colored and glue palm trees to the map.
