Dear Parents,

The topic this week was Sound and Movement , and the letter of the week was letter Qq.

They were introduced to sound vocabularies such as: speed, gravity, force and vibrate. They listened to many sounds and were able to distinguish sounds from nature and different animals.

Academic Enrichment and Art

This week our students have traced and colored the letter Qq.

They have practiced writing upper case and lower case Qq.

They have written vocabulary words that begin with the letter Q and drew pictures to go with it.. quail, quarter, question, and quilt.

The children practiced writing numbers in their journals.

The students moved their bodies to the beat of a drum as the drum beat slowly they moved their bodies in slow motion, as the drum beat faster they moved their bodies faster.

They guessed the sounds of animals as they listened with their eyes closed.

Stories we've read- "My Q Book", "Sound and Movement", "Making Music"

This week we also started working on some crafts and presents for Mother's Day. Throughout next week, different classes will be hosting a " muffins for mom" event at the school. Please see the flyer sent on Brightwheel to see what day your child's class is doing the breakfast.
