

05.26.23

Dear Parents,

The end of kindergarten is here! We can't believe these past 9 months have flown by! Your child has not only grown in height, but they have learned so much! We are so proud of all the children and everything they have gained this year.

This week was all about reflecting on our kindergarten journey. We spoke about our friends, our teachers, our favorite lunch, and our favorite field trip. We also discussed the future and what we would like to do during summer break. Some responses were going to the beach, staying home, going to summer camp, and going on vacation. We played games and just enjoyed our time together.

We want to give a huge thank you to our wonderful parents in Silver Door for being a huge part of their child's kindergarten journey. Whether it be getting them ready for school, checking their homework, or reading a book to them every night. Your involvement matters and their love of school starts from home! Thank you for allowing us the opportunity to teach and get to know their personalities. We will miss them! We wish them the best of luck in first grade and beyond!

Have a safe and fun summer break,

Ms. Adriana and Mrs. Wanda
