

07.05.2024

Dear Parents,

This week the children had a great time learning with Fernando 🐸 as they do every week. The children as always have a great time playing with their friends and in the different areas in the classroom.

🐸 During CircleTime the children sang "If you are Clever and you know it".  
The children learned about being curious and thinking .

🐸 The following books were read to the children : I Wonder and Soapy Scientist

🐸 Vocabulary words learned were : brain, curious, head, think, wonder and scientist .

🐸 Math and Science: The children sang "Open, shut them". The children were asked to describe where the books and blocks were. The game Simon says was played with the children as well. Bubbles are always a favorite. They enjoyed popping and blowing bubbles .

🐸 Steam ( Science Tool Discovery): Magnifying glasses, flashlights and magnet were displayed to the children. Each tool was shown how to be used and the children had a blast using them .

🐸 Art time : the children had a great time using dot markers, playing with play doh. As they drew a picture their paper was folded into three sections ( top, middle and bottom). As they were drawing the teacher explained to them where the top part, the middle and bottom are .

#### REMINDERS :

🐸 Please wash and bring back your child's blanket and pillow for next week.

🐸 When we send home dirty clothes please make sure to send in a clean pair of clothing (in a Ziplock with your child's name on it).

🐸 Make sure your child's name is visible and written on all their items so we don't misplace anything.

🐸 On your child's blanket and pillow also, please write your child's name

🐸 Have a great weekend 🐸

Mrs. Cindy  
Mrs. Mireya
