

09/10/21

Dear Gold Door Parents,

This week we discussed the essential question Who is in your family?, To further explore this question we asked the students who are in their family and what they do with them. We read the story Tikki Tikki Tombo, a little boy with a long name given to him by his family. While reading the story the students were introduced to another sight word 'Can'. The students created sentences and practiced sounding out the letters. We reviewed letter I-P writing and sounding each letter.

Math reviewed numbers 1-5 and putting them in order. We also found different ways to make 5 using five frames and counters

Social studies talked about past, present, and future explaining what each word means and how things can change over time.

Just a few reminders

September 16th is a teacher planning day so attendance is not mandatory.

Please continue to bring water bottles so the children can stay hydrated

As always have a wonderful weekend!

Ms. Jocelyn & Ms. Adriana
