

05/07/2021

Dear Parents:

For this week, our students learned about Mother's Day. Mother's Day is a day that is celebrated around the world. Each country has a unique date for this holiday. For example, in Norway, it is celebrated on the second Sunday of February. In Mexico, it is celebrated on May 10th. In the United States, Mother's Day is celebrated on the second Sunday of May. In most countries, while the origination of the holiday may differ, the common theme is to celebrate the contributions mothers make to the family and to the world. Mother's Day is a day that many children truly look forward to. They enjoy showing their mother how much they mean to them. They enjoy making crafts, writing poems, and learning how other children and families celebrate Mother's Day around the world. Thank you to all the mothers for all the hard work that you do!

Activities we did this week: This week the children made beautiful gifts for their special mothers. They decorated crowns, made cards and made many more wonderful surprises!

Story Time

Are You My Mother?

The Night Before Mother's Day

Llama Mad at Mama

Llama Misses Mama

Love You Forever

Vocabulary words: Appreciate, role model, affection, bouquet, cherish, quality.

One of the classic Mother's Day books that touch millions of hearts is "Love You Forever." This story presents an unconditional love that parents are expected to have for their children, despite the behavior of those children as they grow up. The love that a parent has for a child is an unlimited love that never falters.

Our upcoming graduation video will take place on May 25, 26 and 27. Please have your child present on these dates.

We would like to thank the parents of Brown Door students for the delicious teacher appreciation lunch this week. It was enjoyed by all. Thank you!

"To the world, you are a mother, but to your family, you are the world."
