

09/02/2022

Dear Parents of Blue door,

Hello! This week in Blue Door the theme was "All About Me". During Circle Time each child was asked their name, what their favorite color is if they were a boy or girl, and what is it that they like to do with their mommy and daddy. Each child was able to say their name and some even said their last name. As a favorite color, a lot of the children said their favorite color is red. When asked each child if they were a boy or girl, a lot of the children were able to respond correctly. The majority of the children said they loved to go to the park with mommy and daddy and eat ice cream.

For Art, the children drew themselves, drew a picture of their favorite food, and colored using their favorite color. They loved singing Head, Shoulders, Knees, and Toes and asked what is their favorite center to play in.

On the playground, we practiced our gross motor skills. This week the children threw the ball to one another, jumped in place, went up the stairs and down the slide, ran one lap around the playground, and had blast running after the bubbles.

Music class is always fun and the children love it. This week the children played with shakers and Maracas and enjoyed singing the different songs.

Parents please make sure your child's nails are cut short, please send in pull-ups if your child wears them here at school. Please, please, label everything that belongs to your child, blankets, pillows and if sending in extra clean

Thanks once again for your help 😊.

-Please remember we are closed on Monday

🌻 Have a nice long weekend with your family 🌻
