

07.05.2024

Dear Parents,

This week Rainbow Door had a great time learning with Fernando the Frog 🐸 as they do every week! The children had a great time playing with their friends and in the different areas in the classroom.

During Circle Time the children sang "If you are Clever and you know it". The children learned about being curious and wondering 🤔.

The following books were read to the children: "I Wonder" and "Soapy Scientists".

Vocabulary words that we learned: brain, curious, head, think, experiment, wonder, and scientist.

Math and Science: The children sang "Open, Shut Them"! They were asked to describe where the books and blocks were. The game Simon says was played with the children as well. Bubbles are always a favorite. They enjoyed popping and blowing bubbles .

STEAM (Science Tool Discovery): Magnifying glasses, flashlights and magnet were displayed to the children. Each tool was shown how to be used and the children had a blast using them .

Art time : the children had a great time using Do-A-Dots and playing with Play-Doh. The children also drew a picture about something that makes them wonder or something they are curious about. It was interesting seeing how they perceive the world around them!

REMINDERS :

- Please wash and bring back your child's blanket and pillow for next week.
- When we send home dirty clothes please make sure to send in a clean pair of clothing (in a Ziplock with your child's name on it).
- Make sure your child's name is visible and written on all their items so we don't misplace anything.
- On your child's blanket and pillow, please write your child's name.

Have an amazing and safe weekend!

With much LOVE,

Ms. Ashley and Ms. Andrea. 😊👍❤️
