

11/19/21

Dear Parents,

We had another great week preparing for Thanksgiving! Our topic was Turkey and Garden. Just like the Pilgrims, the children learned about growing plants. We read a lot of books about gardens and learned the process to grow a plant: dig a hole in the soil, put a seed, put more soil, and water the plant. As there is no better way to teach children than with "hands-on" or "eyes on". We went to the garden and observed the plants our bigger friends had already planted and started to water plants using a little watering can.

During Circle Time, we sang our morning songs and some more about turkeys (I'm a Little Turkey, Have You Ever Seen A Turkey? and Five Little Turkeys.

For Art Time, the children continue to prepare surprises for Thanksgiving.  
On Tuesday, the children were happy to see Ms. Clarice for Music Class. She always brings an instrument to play with (egg shakers) and a nice story to listen.

Our Thanksgiving Lunch was delicious, both children and teachers enjoyed it! Thank you for bringing an item.

As next week will be short, there will be no letter. We take the opportunity now to wish you and your family a wonderful Happy Thanksgiving!

Have a great weekend!

Mrs. Mireya & Mrs. Madelayne
